Spheric

Lead Interaction Designer

Aug 2008
– April 2009 Facilitated and led the company site redesign–spheric.ca. Managed the hiring of outside consultants to help with the project including an industry-respected copywriter and branding consultant. Explored new ways to improve the design process. Entrusted with the task of project manager on various client work. Received the highest performance review for the year.

Spheric

Interaction Designer

Nov 2007
– Aug 2008 Worked closely with developers on a variety of web projects for a diverse range of clients. Contributed and implemented ideas to the “innovation pipeline” to help improve company wide processes. Provided the foundation for the design process and organized the flow of the creative discovery process. Helped interview and hire other designers. Won “Rookie of the Year” Award.

Spheric

Contract Web Designer

Aug 2007
– Nov 2007 Worked on the visual design and front-end development of Spheric’s internal projects. Initiated the standard based HTML conversion of PropertyGuys.com which helped to the company’s largest RoR sale. Drafted design guide documentation for developers. Exceeded expectations and offered a full time position after two months as a contractor.

Synergos Design

Freelance Web Designer

Dec 2005
– Aug 2007 Designed and developed an assortment of websites for small and medium businesses. Sales were made primarily through referrals.
